Manitoba Horse Trials

Introduction

Manitoba Horse Trials is a local equestrian group based on 3-Day Eventing in Manitoba. Three-Day Eventing is the Triathlon of equestrian sport. It combines the discipline of Dressage, Cross-country and Stadium jumping. Our club grounds are located in beautiful Birds Hill Park.

Our organization is entirely volunteer based; the members of our community include people from all walks of life, who all have a common love of horses, nature and the great outdoors!

The success of our organization and our outreach is dependant upon the financial and product support from corporations and private sponsors. We have been fortunate in the past years to have some support from local businesses. This season we are hosting a full season of events, requiring increased financial support.

As a 2023 sponsor, you will receive positive media attention from our association with MHT, as listed in the following categories. In addition, you will help introduce a new generation of horse lovers to the sport.

Vision

- To introduce equestrians, young and those not so young, to the sport of Eventing.

Mission

- To give easy access to Eventing Opportunities, to all, within Manitoba.
