

President Report

Sept, 2025

We are preparing for the last big event of the season. I have reached out to some volunteers. I have connected with Hugh Crawley for the show jump course design. He will be able to come out on the Thursday again to set up the course. It seems that we will not have time to make new maps for the cross-country, but I would like to connect with a course designer for the spring, with the board's approval. Since we did not use Lesa for this show, should we ask her about doing a show jump/cross-country combined course for our Oct. show?

I completed a quote request with Danny's Whole Hog since we will need to sell tickets ASAP if we are doing a competitor dinner on Saturday.

Autumn has offered to provide five 50% off coupons for horse massage for the show. I am going to contact Brandy because I thought we might draw two prizes for the First Steps Competitors and 3 for all of the MHT competitors.

I have been meaning to do a post to thank our sponsors, I will try to get that out this week. I have Elders, Greenhawk, Silvergate, Liberty Equine Body Work, Michelle's Custom Keepsakes. Are there more that I have missed?
